\*\*\*DISCLAIMER\*\*\*

These are initial courses of instruction. The Board of EMS provides this information as a courtesy to attendants seeking continuing education. Many attendants receive their continuing education by attending initial courses of instruction. Class dates frequently change or are cancelled. Attendance at many initial courses of instruction is limited to the students enrolled in the course. There may be a charge to attend some classes.

Obtaining continuing education AND THE PROPER DOCUMENTATION is the ATTENDANT'S responsibility. The attendant MUST make PRIOR CONTACT with the person listed above to obtain the necessary class information and BE GRANTED PERMISSION to attend. This is very important particularly when practical skills are being taught. Instructors are required to maintain at a minimum a 1:6 instructor to student ratio. Failing to maintain this ratio could seriously jeopardize the students' educational opportunities. The Board of EMS does not guarantee the availability of the courses and accepts no responsibility for them.
